

W020

WiFi Alarm System

Security Simplified

The W020 is ready to go as soon as you connect it to your WiFi router. Add wireless sensors and accessories to the system directly on your smartphone app anytime as you wish, as your security or smart home needs evolve.

smanos[®]

Dream Big. Live Smart.

W020

WiFi Alarm System

Intuitive Operation

smanos W020 stays true to plug-and-play. Simply plug in the power, download the free iOS or Android app, setup WiFi with Smart Link, add and pair wireless sensors or accessories, and you go out to play with complete peace of mind!

As Easy As 123

Who knew security could be this sexy? With no wires and no fuss, smanos W020 is a smart system that will grow on you and grow with you. From door/window contacts and PIR motion sensors to flood, gas and smoke detectors, everything is wireless and will go wherever you want.

Digital Scarecrow

When smanos W020 is triggered, it goes off loud, formidably so. The system will also send you push notifications in real time, so you are always in the know no matter where you are.
